

you described?

A This is compatible with it.

Q Colonel, can you give me the measurements of the wound in the area of the front of the President's neck that I am pointing to here on State Exhibit 69?

A As I recall, it was given by the Dallas surgeons as approximately five millimeters in diameter.

Q Can you convert approximately five millimeters in diameter to a part of an inch for me, please?

A Approximately three-sixteenths of one inch corresponds to five millimeters.

Q Referring, Colonel, to your Summary Report, State-67 for purposes of identification, which you signed on 26 January, 1967, can you tell me why you did not list the size of the wound that you say is the exit wound in the throat of the President?

A Because I did not, I did not see that wound in the front. I did not, I don't know why it is not there.

Q You say you did not see it?

A I did not see the wound of exit in the skin. I saw a hole of exit in the shirt of the
